

Understanding dementia

– Community session

Cessnock

Thursday, 15 April

This session provides an introduction to dementia, including an overview of different types of dementia, diagnosis, planning ahead and how to support someone living with dementia. The **one** hour session provides more detail about causes of dementia and obtaining a diagnosis.

Dementia Australia's facilitators have specialist knowledge, skills and experience.

<This program and the National Dementia Helpline are funded by the Australia Government.

*Concessions available, please call to discuss.>

Suitable for:

Members of the general public who are concerned about their memory and dementia or who are worried that someone they know may have dementia.

Time: 10:00am - 11:00am
1 hour

When: 15 April

Where:

Cessnock Library
65 - 67 Vincent Street
Cessnock NSW

Cost: Free
